

T450C

CARATTERISTICHE

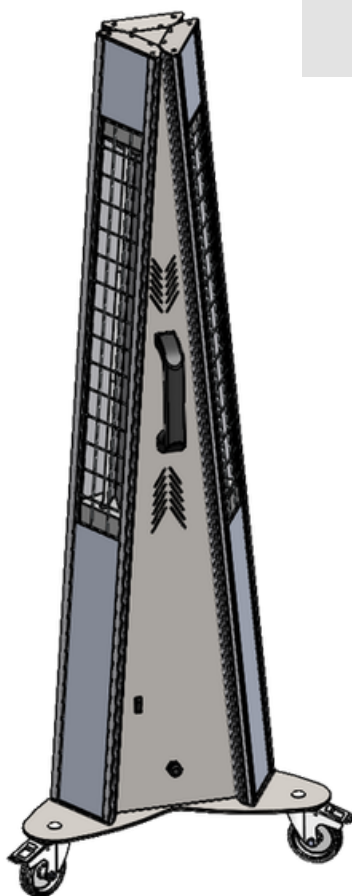

Riscaldatore a infrarossi per uso civile, industriale e professionale. Ideale per ambienti, postazioni di lavoro e applicazioni specifiche. Gamma **TRIADE** – calore diretto, sicuro e mirato.

- Fornita di lampade sui tre lati.
- Tre diversi interruttori per gestire le lampade singolarmente.
- Spina → 5 poli 16 A - 380/400V

CARATTERISTICHE	UNITA'	T450C
ALIMENTAZIONE	V	400
TEMPERATURA OPERATIVA	C°	-10 ÷ +40 °C
EMISSIONE	λ	ONDE CORTE
ASSORBIMENTO	A	13
MAX POTENZA	W	3X1500
DIMENSIONI	mm	450X380X1700
PESO	Kg	32

T450C

CHARACTERISTICS

Infrared heater for civil, industrial, and professional use. Ideal for heating environments, workstations, and specific applications. **TRIADE** range – direct, safe, and targeted heat.

- Equipped with lamps on all three sides.
- Three separate switches to control the lamps individually.
- Plug: 5-pin 16 A – 380/400 V
